CHARLIE BANANA®

Do you remember my [review](#) of the awesome [Charlie Banana](#) diapers? In that review, I shared a sneak peak of the new [Fashion Collection from Matthew Langille](#). Well, *drumroll please* the Fashion Collection is now available for purchase! I am in love with those cute little robots and bears!

Because I didn't do a video for my original review, and because I'm pretty much obsessed with Charlie Banana diapers, I made a little vlog for your viewing pleasure – don't judge me, I am a vlog virgin, so it's not the best video ever (I'm awkwardly dorky and the video has a kinda dark/grainy quality, sorry!).

Ok, now that you've stopped laughing at my "bra strap" comparison... Have you heard about [Charlie Banana's 8888 Fans Celebration](#)? There will be a big giveaway to 8 lucky fans when they reach 8888 fans on their Facebook page! Don't be left out! Head over and enter today!

Congratulations to Charlie Banana for being a finalist in the 2011 [Red Tricycle Totally Awesome Awards](#) in the Most Awesome Green Kids Products category! Voting is quick and easy! Vote today, voting ends October 31!

And more congratulations to Charlie Banana for their nomination for the best eco-diaper and their nomination for their reusable nursing pads in the nursing essentials category in the [SheKnows Parenting Awards 2011!](#) Voting is closed, but keep an eye out to see if they won!

[Charlie Banana Fashion Collection](#) :: \$21.88

This is a followup to my initial Charlie Banana review. No product or compensation was received in return for this post.
