### Your pregnancy: 30 weeks

Your baby's about 15.7 inches long now, and she weighs almost 3 pounds (like a head of cabbage). A pint and a half of amniotic fluid surrounds her, but that volume will decrease as she gets bigger and takes up more room in your uterus. [Read More](#)

### Charlie banana cloth diapers?

[brandonarcticairvt](#) · [Pass a Note!](#)

Anyone have experience with these cloth diapers? We just ordered some, the kind that you can adjust them to any size. I really hope these don't end up to be a pain in the butt, with all the diaper changes little one will be having.

They will not fit nicely until around 10 or 11lbs, goes for all one size cloth. I suggest newborn stash and then os diapers. How would they be a pain in the butt? lol. They are like any cd. Many women like cbcd bu on older children, not nb.

Well it's actually just the liner that you have to wash.

Well cd is laundry, hate to say it. Dont committ if you dont want to do laundry. I wash every 2 to 3 days. Thats why prefolds and covers are easiest. You go through one cover (unless gets soiled but usually 1)and change out prefold. And prefolds are small and easy to wash! Dry fast too!
