[Comparing FuzziBunz, Charlie Banana, and bumGenius One Size Pocket Diapers – Sneak Peek at the Stats](#)

by [Tara](#)

In this week's Sneak Peek at the Stats, we are going to look at three popular One Size Pocket Diapers: FuzziBunz, Charlie Banana, and bumGenius 4.0:

Comparing Stats on Three Popular One Size Pocket Diapers

FuzziBunz

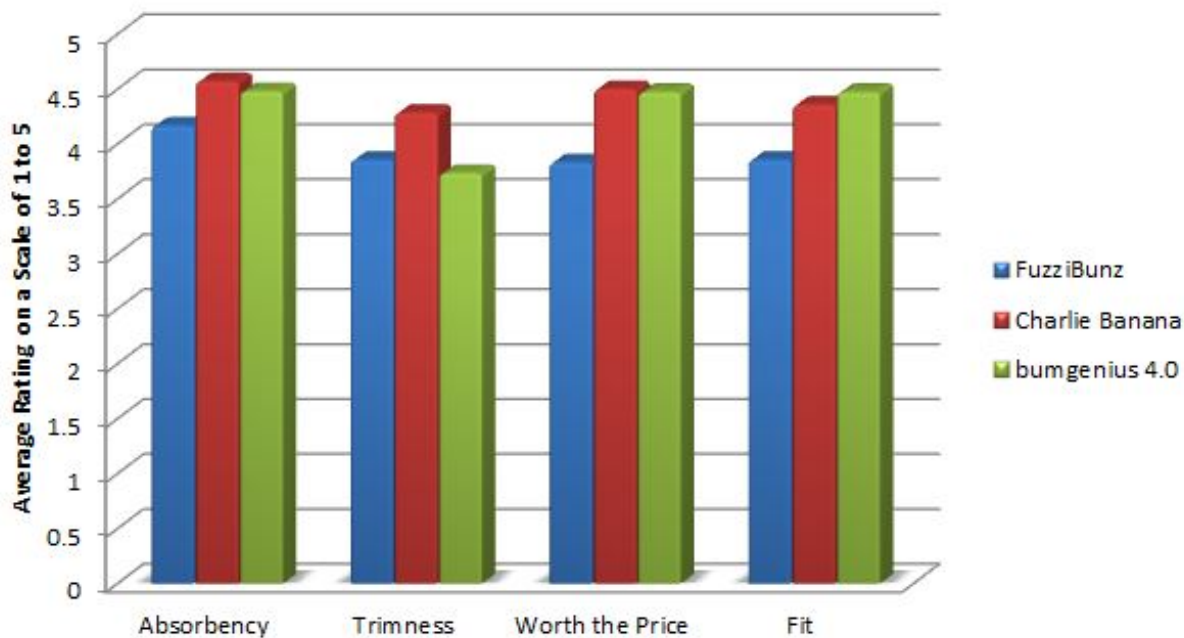

Charlie Banana

bumGenius 4.0

We are going to be looking at four different categories when examining the statistics: absorbency, trimness, worth the price, and fit:

Comparing Popular One Size Pocket Diapers

The **Charlie Banana** and **bumGenius** were fairly close in absorbency, with FuzziBunz scoring as a little less absorbent.

Respondents indicated that **Charlie Banana** diapers were very trim (4.28), while the FuzziBunz and bumGenius 4.0 were a little less trim.

Charlie Banana and bumGenius diapers performed very well in being **worth the price**.

The **Charlie Banana and bumGenius diapers** also were fairly close in how they were ranked for their fit on the babies.

Overall findings:

When comparing these diapers and how they performed with ALL pocket diapers that I have received survey responses on thus far, **Charlie Banana and bumGenius performed above average on all of these categories** and **FuzziBunz performed above average in absorbency and trimness**.

Have you tried out any of these diapers? If so, head on [over here](#) to fill out a survey on how they worked for your baby.

Do these statistics surprise you a bit?
