**CHARLIE BANANA
MATTHEW LANGILLE**

The 2011 Charlie Banana Matthew Langille collection brings a bit of everything to your baby's bottom. Cute dog print? Sure. Adorable messages of love? Why not?

For fashion-centric mamas and Ray-Ban-wearing papas, it's not enough for their kids to be rocking Pampers to the park. While the style of these diapers and swimming trunks are at the top of their game, what's more important, however, is the product's environmentally friendliness.

In part due to nostalgia for a simpler time, as well as the renewed recognition of the environment as an important resource that we all need to preserve, cloth diapers are increasingly becoming the new norm especially among middle-class consumers in urban centers. The 2011 Charlie Banana Matthew Langille, with its eye-popping colors and warm messages, is as cute as it gets.
