This online magazine shows just how cool parenting can be, from pregnancy to the preteen years. Find out how to pick a Facebook- and Google-friendly baby name, get tips on organizing for the school year and learn how to dress your little girl like the daughters on *The Real Housewives of New Jersey*. (Come on, you know you watch it.) Babble also includes sections for dads and dads-to-be, which can richly fill the time when ESPN is running commercials.
